

EL Madrassa Ahmediya Fi Haqq Tariqa Tidjaniya

Introdution: loyal and sincere advice

Know my beloved child, for you, I am a loyal counselor,
This is a path for ALLAH.

These days the teaching of our well beloved Master and supreme guide, the undisputed Seal of Muhamadian Sainthood, Ahmed ibn Muhammad Tidjani (may ALLAH sanctify his precious secret) has been abandoned by many.

Ever since the great Master and majestic Guide as well as his meritorious companions, the guides of perfection, and those who have followed in their footsteps, departed this terrestrial dwelling for the luminous abode, many things have occurred in this blessed path which are not part of his noble education, certain customs which completely disorientate the disciple from the intended purpose, have been established.

These innovations and acts are not approved but disavowed, he (may ALLAH sanctify his precious secret) will reject them until the day of the last Judgment before ALLAH and his Prophet (peace and blessings be upon him).

So dear brothers, fear ALLAH with genuine pious fear and do not wrong the Prophet (peace and blessings be upon him) and his representative by discrediting them with your innovations and your behavior within this noble path.
